

Custom Bedbug Thermal Preparation Checklist

TURN YOUR HEAT ON HIGHEST SETTING 1 HOUR PRIOR TO TREATMENT

ITEMS THAT NEED TO BE REMOVED PRIOR TO THERMAL TREATMENT

Wax Products (candles lipstick crayons)	Place paintings and picture frame on floor
Remove House Plants	Unplug all electrical devices
Aquariums - Pets (a flea bath is recommended)	Fire Extinguishers / Guns and Ammunition
Medicines / Vitamins place in refrigerator	Pressurized Cans (hairspray - cleaners)
Perishable Food, Wine and Liquor - refrigerator	Polaroid photos / Record Albums
Piano and Instruments (Let us know about)	Inform us of fire sprinklers and heat sensors

- High volume fans will be used during the treatment, please vacuum up any products you may have applied and loose papers should be organized.
- Place lotions, soaps etc. that can go soft with heat in tub or sink.
- Clutter needs to be addressed such as piles of clothes on the floor should be laundered and put away.
- Purses (remove wallet), backpacks, computer bags, and diaper bags should be left behind. Use a shopping bag and take only items you absolutely need for the day.
- A joint effort is required between you and Custom Bedbug to have 100% success.

Returning Home

- Treatment areas will remain hot (i.e. door knobs, toilet seats, appliances etc.) for several hours after treatment.
- During treatment all items in structure will be moved, items may not be located in the same location as before treatment.
- We cannot know the melting point of every item. You are liable to remove items which you are concerned about.
- Because of the heat temperature, no one can enter or remain in the facility while being treated, this will void any warranty.

By signing below, you acknowledge that you have read and performed applicable items on this, thereby releasing Custom Bedbug from any unjust liability. Any damage to your possessions must be brought to Custom Bedbugs' attention as soon as damage is noticed.
